The Offshore Skills Assessment Program

Section 1. Program Information

1.1 Introduction to Trades Recognition Australia

Trades Recognition Australia (TRA) is a business unit located within the Australian Government Department of Employment and Workplace Relations. It is the relevant skills assessing authority for nominated occupations under the [Migration Regulations 1994](#).

TRA skills assessments are intended to ensure that a successful applicant can perform at the required skill level for their nominated occupation. The skills assessments also provide an assurance to government and to the individual that their training and experience is relevant and appropriate for the Australian labour market.

TRA engages Registered Training Organisations (RTOs) to perform aspects of the skills assessment process on its behalf under certain programs. The skills assessments are for non-Australian passport holders who have gained trade skills overseas or in Australia for the purpose of migration and skills recognition.

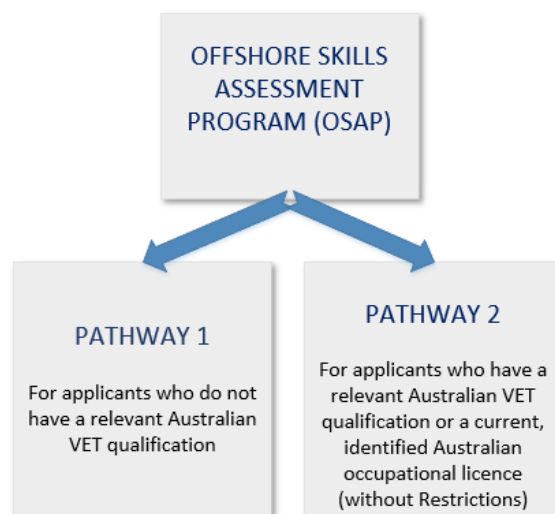

TRA operates a number of different skills assessment services which are based on an applicant's occupation, evidenced employment experience, country of passport, where they studied and the type of visa they are seeking.

1.2 Program Objective

The objective of the Offshore Skills Assessment Program (OSAP) is to determine whether an applicant can work in Australia at the required skill level for the nominated occupation. This aims to ensure successful applicants can contribute immediately to Australia's skilled workforce.

A skills assessment through OSAP is for people who are applying for a skilled migration visa to Australia (excluding 485 or TSS visas), who work in a nominated occupation, and hold a passport from a nominated country or Special Administrative Region (SAR). Diagram 1 below provides an overview of the alternative OSAP Pathways.

Diagram 1: Provides an overview of the alternative OSAP Pathways

1.3 Applicant Guidelines

These Guidelines describe OSAP and outline the eligibility requirements in applying for a skills assessment under OSAP.

Before commencing an application:

- you must check with the Department of Home Affairs (Home Affairs) (www.homeaffairs.gov.au) that your visa pathway requires a skills assessment and that TRA is the correct assessing authority for your nominated occupation
- you must read the eligibility requirements for OSAP (refer to section 2 of these Guidelines)

If you do not understand any part of the eligibility requirements, please contact TRA at traenquiries@dewr.gov.au.

These Guidelines do not provide information on visas or points requirements for migration. All enquiries relating to visa and migration requirements must be directed to [Home Affairs](#).

TRA reserves the right to amend these Guidelines as necessary. Information about changes will be documented in the Change History Table in Section 7 and posted as a news item on the [TRA website](#).

1.4 How to Apply

To apply for OSAP you must engage with a TRA-approved RTO, register through the [TRA Online Portal](#) via the [TRA website](#) and make the first payment. You will be asked to create a username and password. Diagram 2 (below) provides an overview of the online application process.

NOTE: **Do not apply** for a skills assessment online if:

- × you do not have all the required documentation, or
- × you are unable or unwilling to travel to an approved assessment venue, should you need to for your assessment
 - Applicants that are not available to travel to an approved assessment venue within a 15-week timeframe will have their application withdrawn and any fees already paid will be forfeited

Diagram 2: OSAP Application Process

You may nominate a migration agent or representative to act on your behalf during the skills assessment process. To do this you need to complete the 'Agent or Representative' section of the online registration on the [TRA Online Portal](#).

All applications must be '**decision ready**' when submitted. This means that:

- ✓ all the mandatory fields in the [TRA Online Portal](#) have been completed
- ✓ all the required documents have been uploaded to the RTO
- ✓ the mandatory fee has been paid.

1.4.1 Choose an RTO

You are required to select a TRA--approved RTO to conduct your skills assessment. You can find a suitable RTO through the [RTO Finder](#) located on the [TRA website](#) by:

- selecting your nominated occupation from the list available
- reviewing the list of RTOs
- selecting an RTO.

Once you have selected your RTO you will need to contact them directly to discuss both your eligibility and the overall requirements of the skills assessment process, including the expectations and evidence you will have to provide.

Fees for OSAP skills assessments are paid to TRA via the [TRA Online Portal](#). However, you will first need to contact your chosen RTO to obtain a unique RTO Assessment Payment Identifier Code for the service you require e.g., documentary evidence assessment, technical assessment, etc.

1.4.2 Document Requirements

RTOs must be able to verify the content and validity of all documents you provide to support your application. Therefore, the following minimum quality control standards apply to documents submitted electronically. Please ensure you have full-colour scans of:

- passport identification page
- qualification/s
- evidence of skills and experience including, but not limited to, training documents, evidence of employment and employment statements
- copies of each document in original language accompanied by a copy of the English translation
- evidence of your payment (payment receipt from TRA).

RTOs can request that you present original documents for verification and will discuss these arrangements and any additional requirements with you.

1.4.3 Documents not in English

If your application documents are not in English, you must also provide an English translation of the documents.

- *Translating documents in Australia*

Acceptable translations of documents in Australia can be obtained from translators accredited with the [National Accreditation Authority for Translators and Interpreters \(NAATI\) website](#). Translations must include the translator's name, NAATI identification number and accreditation status.

Please check the translator’s accreditation by either calling NAATI on +61 2 6260 3035 or asking to see the translator’s letter or certificate of accreditation in the language you require.

- *Translating documents outside Australia*

If you have documents that were translated outside Australia, the translator must be approved by the authorities in the country where the translation was made. If you are unsure of the process contact your nearest Australian Embassy, High Commission or Consulate for advice.

Overseas translations must be on the organization’s letterhead and include an official stamp. The translator’s name (all in block letters), signature and contact telephone number must be legibly printed below the signature. This information is required so that the RTO can contact the translator if necessary, to verify the translated documents.

The circumstances in which TRA will refund a payment are detailed in the [TRA Payment and Refund Policy](#) under [Policy and Forms](#) on the [TRA website](#).

Section 2. Program Requirements and Processes

2.1 Eligibility

The nominated occupations, nominated countries, and Special Administrative Regions (SARs) for the OSAP are listed on the [OSAP Program page on the TRA website](#)

It is compulsory for applicants seeking a skills assessment in a nominated occupation, and nominated country or SAR, to have an assessment through the OSAP (excluding 485 or TSS visa applicants).

OSAP is also compulsory for applicants applying for permanent migration in the following licensed trades:

- Air-conditioning and Refrigeration Mechanic
- Electrician (General)
- Electrician (Special Class)
- Plumber (General)

The program is also open to applicants from all countries who wish to undertake a skills assessment in a nominated occupation who can travel to Australia or a nominated country for an assessment.

Should you choose to travel to a nominated country for assessment, it is your responsibility to ensure the correct visa for that country is obtained prior to your travel to that country.

If you wish to apply for a skilled migration visa (excluding 485 or TSS visas) but your nominated occupation is not listed on the [OSAP page on the TRA website](#), you need to apply for assessment under the [TRA Migration Skills Assessment \(MSA\) Program](#).

2.2 Documentary Evidence Assessment

The RTO will advise which documentation must be provided, but you must submit decision ready documentary evidence of your identity, skills, and employment experience.

For Pathway 1 applicants this will include evidence of your skills and experience if you do not have a relevant Australian qualification.

For Pathway 2 applicants this will include evidence of your skills and experience, and your Australian Vocational Education and Training (VET) qualification or current identified Australian occupational license (without restrictions).

Evidence of part-time employment can be counted towards the employment requirement on a pro-rata basis.

The type of work undertaken must cover a broad range of skills in the nominated occupation. If the evidence indicates that you have the necessary skills and experience relevant to your nominated occupation, you will be invited to participate in a technical assessment with one of the RTO's assessors.

PATHWAY 1

2.2.1 Pathway 1: For applicants who do not have a relevant Australian VET qualification.

In addition to the work experience requirements above, you must demonstrate that you have completed full-time paid employment in your nominated occupation (or an occupation that is directly related to your nominated occupation) based on the following standards:

- Licensed Trade with no formal training – six years' work experience
- Licensed Trade with formal training – four years' work experience
- Non-licensed trade with no formal training – five years' work experience
- Non-licensed trade with formal training – three years' work experience

This must include 12 months full-time, paid employment in your nominated occupation in the three years prior to lodging the application.

PATHWAY 2

2.2.2 Pathway 2: For applicants who have a relevant Australian VET qualification or a current, identified Australian occupational license (without restrictions)

In addition to the work experience and documentation described at 2.2, the RTO will advise you which documentation must be provided. You must submit decision ready documentary evidence of your identity, skills, and employment experience.

This will include an Australian VET qualification or current, identified, Australian occupational license.

Australian VET Qualification:

If you are applying with an Australian VET qualification you must demonstrate at least three' years full-time, paid employment in a directly related occupation.

This must include 12 months full-time, paid employment in your nominated occupation in the three years prior to lodging the application.

Note: If you are applying with an Australian VET qualification for the following licensed occupations, the 12 months full-time paid employment in your nominated occupation must be in Australia:

- Air conditioning and Refrigeration Mechanic
- Electrician (General)
- Electrician (Special Class)
- Plumber (General)

Australian occupational license

If you are applying with a current identified Australian occupational license (not subject to restrictions) for the following licensed occupations, you will need to demonstrate at least three years full-time, paid employment in this licensed occupation. This must include 12 months full-time, paid employment in your nominated licensed occupation in Australia or New Zealand.

- Air conditioning and Refrigeration Mechanic
- Electrician (General)
- Electrician (Special Class)
- Plumber (General)

For holders of a current, identified Australian occupational license (with no restrictions) who require a skills assessment outcome for migration purposes, you will need to undertake a Pathway 2 assessment through an RTO.

However, a successful Pathway 2 assessment does not result in the award of a Certificate III.

If you wish to be assessed for a Certificate III Australian VET qualification, you should approach an RTO for a Recognition of Prior Learning (RPL) assessment. RTO details are available on <http://www.training.gov.au/>.

2.2.3 Documentary Evidence Assessment Outcome

If the documentary evidence provided indicates you have the necessary skills and experience relevant to your nominated occupation, you will be invited to participate in a technical assessment with one of the RTO's assessors.

If the documentary evidence does not sufficiently demonstrate skills and experience relevant to your nominated occupation, the RTO will forward a recommendation to TRA that you be found unsuccessful. Following TRA's review of the RTO recommendation, the RTO will notify you of the outcome. If you have an unsuccessful outcome confirmed, the RTO will advise you of any identified skill gaps and options for reassessment or review.

2.3 Technical Skills Assessment

If you are found to be successful at the documentary evidence stage, you will be required to participate in a technical assessment of your skills and knowledge, conducted by a qualified assessor who will also be a qualified tradesperson in your nominated occupation.

The assessor will focus on collecting evidence to determine if you are capable of undertaking the full range of tasks expected of a tradesperson in Australia for your nominated occupation.

This will involve a technical interview of skills and gathering evidence from nominated employers or other referees, which may include documentary, oral, pictorial and/or video evidence.

The RTO will discuss the assessment requirements with you before conducting the assessment and you will need to agree that you can meet these requirements before you make a payment.

All technical assessments will be conducted at an approved assessment venue in English without assistance. You may have to travel to an approved venue – speak to your TRA-approved RTO about their assessment venue locations before you apply. Interpreters are not permitted.

Before you can start your technical assessment, you must make a payment for the technical assessment through the [TRA Online Portal](#). Your RTO will issue you with a payment identification code that you can use to make the payment. You will be able to log into the [TRA Online Portal](#) using the username and password you created when making a payment for the documentary evidence assessment.

PATHWAY 1

2.3.1 Pathway 1: For applicants who do not have a relevant Australian VET qualification

The assessor will focus on collecting evidence to determine if you meet the requirements of the relevant VET qualification in the Australian Training Package for your nominated occupation. This will involve a technical interview and may involve a practical demonstration of skills and gathering evidence from any nominated employers or other referees.

If you are applying for one of the licensed occupations of Airconditioning and Refrigeration Mechanic, Electrician (General), Electrician (Special Class) and Plumber (General), a practical demonstration of your skills is compulsory (referred to as a 'practical assessment').

PATHWAY 2

2.3.2 Pathway 2: For applicants who have a relevant Australian VET qualification or a current, identified Australian occupational license (without restrictions)

The assessor will focus on collecting evidence to determine if you are capable of undertaking the full range of tasks expected of a tradesperson in Australia for your nominated occupation.

This will involve a technical interview of skills and gathering evidence from nominated employers or other referees.

2.3.3 Technical Skills Assessment Outcome

Once your technical assessment is complete, the RTO will forward either a successful or unsuccessful recommendation to TRA to make the final decision. Following TRA's final decision on the RTO recommendation, the RTO will notify you of your outcome and issue you with the final documentation.

You will have met the standards set by TRA under OSAP if:

- all evidence you have provided can be verified by the RTO as meeting the requirements for a successful skills assessment
- you were successful in meeting the requirements of the technical assessment
- TRA agrees with the RTO's recommendation for a successful outcome.

2.4 Skills Assessment Outcome

PATHWAY 1

2.4.1 Pathway 1: For applicants who do not have a relevant Australian VET qualification

Successful applicants in the non-licensed occupations will be awarded the relevant Australian VET qualification.

Successful applicants in the licensed occupations will be issued with an Offshore Technical Skills Record (OTSR). The OTSR is sufficient evidence to apply for a provisional licence with Australian state and territory licensing authorities.

For OTSR holders who wish to progress to a current, identified Australian occupational licence and be awarded the relevant Australian VET qualification, Australian context gap training and a period of supervised employment will be required. The gap training covers Australian-specific knowledge such as workplace health and safety regulations, codes of practice and other Australian Standards. For further information refer to the [Licensing page](#) on the [TRA website](#).

If successful, you will receive an outcome letter which can be presented to Home Affairs with your visa application.

If unsuccessful, the RTO will provide you with the outcome documentation, including information about any identified skill gaps.

PATHWAY 2

2.4.2 Pathway 2: For applicants who have a relevant Australian VET qualification or a current, identified Australian occupational license (without restrictions)

If successful, you will receive a skilled migration outcome letter which can be presented to Home Affairs with your visa application.

If unsuccessful, the RTO will provide you with the outcome documentation, including information about any identified skill gaps.

2.4.3 Assessment Timeframes

The RTO can advise how long the assessment process will take. Typically, an assessment will be completed within 15 weeks from the date of submitting the required 'decision-ready' documentary evidence.

If an assessment is delayed because you have not provided the necessary documentation, and subsequently do not provide it within five business days of being asked, the application shall be assessed without the documentation, or withdrawn.

Your application should not be submitted unless you are ready to complete the entire process. Assessments are unable to be paused once they commence, without an exceptional reason.

2.5 Review

If you disagree with an assessment outcome, you may lodge an application (including additional evidence) for an assessment review with the RTO that conducted your skills assessment within seven (7) business days of receiving the outcome letter. To start the review process, you must first pay the review fee to TRA via the [TRA Online Portal](#) using your existing username and password.

2.5.1 Review Fee Refunds

An applicant is eligible for a refund of the review fee when an assessment outcome is overturned based solely on the evidence provided in the original application.

An applicant is not eligible for a refund of the review fee where the assessment outcome is overturned based on any additional evidence provided.

2.6 Reassessment

If your original skills assessment identified skill gaps and you have since undertaken training and/or additional employment to address these gaps, you may lodge an application for a reassessment with the RTO that conducted your skills assessment. Reassessment applications must be lodged within 12 months of receiving the original skills assessment outcome letter. To start the reassessment process, you must first pay the reassessment fee to TRA via the [TRA Online Portal](#) using your existing username and password.

You are responsible for ensuring the accuracy and validity of all information provided to TRA.

TRA will take reasonable steps to verify the validity of all information supplied throughout the OSAP skills assessment. However, if at a later date TRA determines that information previously supplied is false, misleading, non-factual, or simply incorrect, and that in reliance on that information TRA has incorrectly assessed an application as successful, TRA may write to you to advise the assessment is no longer considered successful. TRA will advise Home Affairs accordingly.

TRA may refer such matters to the appropriate authorities for investigation where information or documentation provided to support an application is known or believed to be false or misleading.

Note: Penalties may apply under the *Crimes Act 1914* and the *Criminal Code Act 1995* for making false or misleading statements and providing false or misleading information or documents.
