

Job Ready Program – Employment Verification Report (EVR) Diesel Motor Mechanic (ANZSCO 321212)

The Trades Recognition Australia (TRA) Job Ready Program (JRP) is an employment-based skills assessment program for international student graduates with an Australian qualification.

You are receiving this form because you have an employee applying for, or currently participating in, the Job Ready Program. The information you provide in this form will allow us to confirm that the workplace and employment arrangements provide enough opportunity for the participant to develop the required skills in their nominated occupation.

Your role, as the employer, is to:

- give the participant appropriate trade level work under standard employment arrangements within a safe work environment
- nominate an employee skilled in the occupation to supervise the participant
- sign-off on the participant's progress report (usually six months after the start of the program)
- support the participant to develop and improve their skills and understanding of Australian Standards and Legislation, language, and terminology as it is used in the workplace
- help the participant to demonstrate their trade skills in an Australian workplace
- allow an approved assessor to carry out a workplace assessment of the participant's skills and job readiness (after 6 months or longer in the program).

To receive a successful workplace assessment outcome your employee (the JRP participant) will have to demonstrate the skills they have developed in the workplace. They will also have to show that they have the capacity to apply their skills and knowledge to all other tasks and duties involved in the occupation even if they are not doing them daily.

How to provide the completed EVR to TRA

This form must be completed and signed by you, as the employer and/or a nominated supervisor. The participant will upload the completed EVR in the TRA Online Portal.

If you have any questions about this form or the Job Ready Program, please visit www.tradesrecognitionaustralia.gov.au or email jrpinqueries@dese.gov.au.

Section One: Participant Details

TRA Reference Number	<input type="text"/>
Participant's Name	<input type="text"/>
Date the participant started work for you	<input type="text"/>
Is the participant still employed with you?	<input type="checkbox"/> YES <input type="checkbox"/> NO
If NO, what date did they finish?	<input type="text"/>
Is the participant working as a Diesel Motor Mechanic?	<input type="checkbox"/> YES <input type="checkbox"/> NO
If NO, what is their current occupation/job?	<input type="text"/>
Is the participant a subcontractor?	<input type="checkbox"/> YES <input type="checkbox"/> NO
If YES, do you supervise the participant (i.e., they work under your direction and you directly assign them work)?	<input type="checkbox"/> YES <input type="checkbox"/> NO

Section Two: Business Details

Registered Business Name	<input type="text"/>
Address	<input type="text"/>
Australian Business Number (ABN)	<input type="text"/>
Address of website or web presence (e.g., Facebook)	<input type="text"/>
Name of Employer	<input type="text"/>
Contact number/s and email	<input type="text"/>
Name of Supervisor	<input type="text"/>
Contact number/s and email	<input type="text"/>
Number of Diesel Motor Mechanics employed	<input type="text"/>
Number of hoists	<input type="text"/>
Is the workshop equipped to service and repair the following vehicles?	<input type="checkbox"/> Diesel motor <input type="checkbox"/> Heavy
Do you have a mobile breakdown service?	<input type="checkbox"/> YES <input type="checkbox"/> NO
Do you have an express bay?	<input type="checkbox"/> YES <input type="checkbox"/> NO
Do you provide pay slips?	<input type="checkbox"/> YES <input type="checkbox"/> NO
If YES, how often?	<input type="checkbox"/> Weekly <input type="checkbox"/> Fortnightly <input type="checkbox"/> Monthly

If NO, do you direct deposit wages to the participant under sub-contracting arrangements? YES NO

If NO, please provide reason.

Section Three: Tasks Performed

Diesel Motor Mechanic [321212]: Maintains, tests and repairs diesel motors and the mechanical parts of trucks, buses and other heavy vehicles such as transmissions, suspension, steering and brakes. Registration or licensing may be required.

Heavy vehicle motor mechanics are required to use a wide range of tools and technologies to diagnose and repair engines and their associated systems. Computerised diagnostic equipment may be used. A wide range of welding equipment, including oxy, electric, MIG and TIG may be used, as well as a variety of common and specialised hand and power tools.

Please tell us about the work the JRP participant is doing, or will have the opportunity to do, in your workplace as a Diesel Motor Mechanic.

This section is divided into *trade* skills (the tasks and work they do; the tools and equipment they use) and *workplace* skills (how they communicate and work with others; how they get the work done).

It is important that the participant has the opportunity in your workplace to develop their skills and understanding in all these areas. If you tick no to any of the questions below, please provide reasons in the comments box.

Trade Skills

Tasks and Duties	Yes	No	Comments
Identifying the occupational health and safety and workshop procedures required to complete tasks safely	<input type="checkbox"/>	<input type="checkbox"/>	
Detecting and diagnosing mechanical and electrical faults in diesel engines and vehicle components	<input type="checkbox"/>	<input type="checkbox"/>	
Dismantling and removing engine assemblies, multi speed manual and automatic transmissions, steering mechanisms, air control systems and other components, and checking parts	<input type="checkbox"/>	<input type="checkbox"/>	
Repairing and replacing worn and defective parts and reassembling mechanical and pneumatic components, and referring to service manuals as needed	<input type="checkbox"/>	<input type="checkbox"/>	
Undertaking TIG welding, MIG welding, oxy cutting, or soldering where required	<input type="checkbox"/>	<input type="checkbox"/>	
Performing scheduled maintenance services, such as: oil changes; lubrications and engine tune-ups; air system flushes; brake system inspections and adjustments; and electrical and pneumatic connections to achieve smoother	<input type="checkbox"/>	<input type="checkbox"/>	

running vehicles and ensure compliance with pollution regulations and road worthiness standards		
Diagnosing, repairing, and testing diesel fuel systems, induction systems, hydraulic systems, and air systems for proper performance and function	<input type="checkbox"/>	<input type="checkbox"/>
Checking braking and turntable systems for compliance and proper performance	<input type="checkbox"/>	<input type="checkbox"/>
Re-assembling diesel engines and parts after repair	<input type="checkbox"/>	<input type="checkbox"/>
Testing and adjusting mechanical parts for proper performance after repair	<input type="checkbox"/>	<input type="checkbox"/>
Diagnosing and testing parts with the assistance of computers	<input type="checkbox"/>	<input type="checkbox"/>
