

Job Ready Program – Employment Verification Report (EVR) Airconditioning and Mechanical Services Plumber (ANZSCO 334112)

The Trades Recognition Australia (TRA) Job Ready Program (JRP) is an employment-based skills assessment program for international student graduates with an Australian qualification.

You are receiving this form because you have an employee applying for, or currently participating in, the Job Ready Program. The information you provide in this form will allow us to confirm that the workplace and employment arrangements provide enough opportunity for the participant to develop the required skills in their nominated occupation.

Your role, as the employer, is to:

- give the participant appropriate trade level work under standard employment arrangements within a safe work environment
- nominate an employee skilled in the occupation to supervise the participant
- sign-off on the participant's progress report (usually six months after the start of the program)
- support the participant to develop and improve their skills and understanding of Australian Standards and Legislation, language, and terminology as it is used in the workplace
- help the participant to demonstrate their trade skills in an Australian workplace
- allow an approved assessor to carry out a workplace assessment of the participant's skills and job readiness (after 6 months or longer in the program).

To receive a successful workplace assessment outcome your employee (the JRP participant) will have to demonstrate the skills they have developed in the workplace. They will also have to show that they have the capacity to apply their skills and knowledge to all other tasks and duties involved in the occupation even if they are not doing them daily.

How to provide the completed EVR to TRA

This form must be completed and signed by you, as the employer and/or a nominated supervisor. The participant will upload the completed EVR in the TRA Online Portal.

If you have any questions about this form or the Job Ready Program, please visit www.tradesrecognitionaustralia.gov.au or email jrpenquiries@dese.gov.au.

Section Three: Tasks Performed

Airconditioning and Mechanical Services Plumber [334112]: Installs, maintains, and repairs piping, ducting and equipment for heating, cooling and ventilation of buildings or vessels. Registration or licensing is required.

Please tell us about the work the JRP participant is doing, or will have the opportunity to do, in your workplace as an Airconditioning and Mechanical Services Plumber.

This section is divided into *trade* skills (the tasks and work they do; the tools and equipment they use) and *workplace* skills (how they communicate and work with others; how they get the work done).

It is important that the participant has the opportunity in your workplace to develop their skills and understanding in all these areas. If you tick no to any of the questions below, please provide reasons in the comments box.
