The TSS Skills Assessment Program

Section 1 Applicant Information

Terms explained in the [Glossary](#) are **bolded** when they first appear in this document.

1.1 Introduction to Trades Recognition Australia

Trades Recognition Australia (TRA) is an Australian Government business unit attached to the Department of Education, Skills and Employment (department). It is the relevant assessing authority for certain occupations under the Migration Regulations 1994.

TRA engages **TRA-approved RTOs** to perform aspects of the skills assessment process on its behalf under certain programs. Skills assessments are for people who have gained trade skills overseas or in Australia for the purpose of migration and skills recognition.

TRA offers several different **skills assessment** programs which are based on your occupation, country of passport, where you studied and the type of visa you are seeking.

1.2 Program objective

The objective of the **TSS Skills Assessment Program (TSS Program)** is to determine whether an **applicant** is able to work in Australia at the required skill level for the **nominated occupation**. This aims to ensure successful applicants can contribute immediately to Australia's skilled workforce.

A skills assessment through the TSS Program is for people who are applying for a **Temporary Skill Shortage (TSS) visa** who work in a nominated occupation and who hold a passport from a **nominated country** or **Special Administrative Region (SAR)**.

1.3 Applicant Guidelines

These guidelines describe the TSS Program and outline the requirements you will need to meet when applying for a skills assessment.

You must read the eligibility requirements for the TSS Program before starting an application (see [Section 2.1](#)). If you do not understand any part of the eligibility requirements, please contact TRA through the [TRA website](http://www.tradesrecognitionaustralia.gov.au) (www.tradesrecognitionaustralia.gov.au).

These guidelines do not provide specific information on visa or points requirements for migration. All enquiries relating to migration requirements must be directed to the Australian **Department of Home Affairs** (Home Affairs) (www.homeaffairs.gov.au).

You are advised to check with Home Affairs before commencing your application to ensure the appropriate visa pathway has been identified, and that TRA is the correct assessing authority for your nominated occupation. TRA reserves the right to amend these guidelines as needed.

Section 2 Assessment Process

2.1 Eligibility

The nominated occupations, nominated countries and SARs for the TSS Program are listed on the TSS Program page on the TRA website:

<https://www.tradesrecognitionaustralia.gov.au/programs/tss-skills-assessment>.

2.2 Steps in the assessment process

2.3 Pathway 1: For applicants who do not have a relevant Australian VET qualification

Choose a TRA-approved RTO

You are required to select an RTO to conduct your skills assessment. This is completed through the [RTO Finder](http://www.tradesrecognitionaustralia.gov.au/Programs/Pages/RTO-Finder.aspx) (<http://www.tradesrecognitionaustralia.gov.au/Programs/Pages/RTO-Finder.aspx>) located on the TRA website by:

- Selecting your nominated occupation from the list available.
- Reviewing the list of TRA-approved RTOs.

Payment for service

Fees for TSS skills assessments are paid to TRA via the TRA Online Portal. However, you will first need to contact your chosen TRA-approved RTO to obtain a unique **RTO Assessment Payment Identifier Code** for the service you require e.g. documentary evidence assessment, technical assessment, etc.

Once you have obtained the RTO Assessment Payment Identifier Code, you must register a username and password in the portal before you can make a payment. You will use the same user name and password for each payment you make.

Please ensure that you keep your username and password secure.

If you have any difficulties making a payment, you should email TRA for assistance at traenquiries@dese.gov.au.

Documentary Evidence Assessment

You must submit **decision ready** documentary evidence of your identity, skills and employment experience to a TRA-approved RTO for assessment. The RTO will advise you about the documentation that must be provided which may include:

- recent passport-sized photographs
- a copy of the biographical identification page of your current passport
- evidence of skills and experience including, but not limited to, training documents, evidence of employment and employment statements
- copies of each document in original language accompanied by a copy of the English translation
- evidence of your payment (payment receipt from TRA)

You must be able to demonstrate that you have completed full-time employment in your nominated occupation, or an occupation that is directly related to your nominated occupation based on the following standards:

- Licensed Trade with no formal training – six years work experience.
- Licensed Trade with formal training – four years work experience.

- Non-licensed trade with no formal training – five years work experience.
- Non-licensed trade with formal training – three years work experience.

You must also have worked for at least 12 months in full-time paid employment in your Nominated Occupation in the three years prior to lodging your application.

Evidence of part-time employment can be counted towards the employment requirement, on a pro rata basis.

If the evidence provided indicates you have the necessary skills and experience relevant to your nominated occupation, you will be invited to participate in a technical assessment with one of the RTO's assessors. Before you can start your technical assessment, you must make a payment for the technical assessment through the TRA Online Portal. Your RTO will issue you with a RTO Assessment Payment Identifier Code that you can use to make the payment.

If the documentary evidence does not sufficiently demonstrate skills and experience relevant to your nominated occupation, the RTO will forward a recommendation to TRA that you be found unsuccessful. Following TRA's decision of the RTO recommendation, if you are found to be unsuccessful, the RTO will provide you with the final outcome documentation including any identified skill gaps. The final outcome will also contain information around your options for **review** or **reassessment**, including the relevant RTO Assessment Payment Identifier Codes which can be used to make a payment for these services through the TRA Online Portal.

Technical Assessment

You will be required to participate in a technical assessment of your skills and knowledge, conducted by a qualified assessor who will also be a qualified tradesperson in your nominated occupation.

The assessor will focus on collecting evidence to determine if you meet the requirements of the relevant **VET qualification** in the **Australian Training Package** for your nominated occupation. This will involve a technical interview and may involve a practical demonstration of skills and gathering evidence from any nominated employers or other referees.

If you are applying for one of the **licensed occupations** of Electrician (General) or Electrician (Special Class), a practical demonstration of your skills is compulsory.

The RTO will discuss the assessment requirements with you before conducting the assessment.

All technical assessments will be conducted in English without assistance. Interpreters are not permitted.

Once your technical assessment is complete, the RTO will forward either a successful or unsuccessful recommendation to TRA to make the final decision. Following TRA's decision, the RTO will notify you of your outcome and issue you with the final documentation.

Outcome

You will have met the standards set by TRA under the TSS Program if:

- All evidence you have provided can be verified by the TRA-approved RTO as meeting the requirements for a successful skills assessment.

- You were successful in meeting the requirements of the technical assessment.
- TRA agrees with the RTO's recommendation for a successful outcome.

Successful applicants in the non-licensed occupations will be awarded the relevant Australian VET qualification.

Successful applicants in the licensed occupations will be issued with an **Offshore Technical Skills Record (OTSR)**. The OTSR is sufficient evidence to apply for a provisional licence with Australian state and territory licensing authorities.

If you wish to progress to a **current, identified Australian occupational licence** and be awarded the relevant Australian VET qualification, Australian context gap training and a period of supervised employment will be required. The training covers Australian-specific knowledge such as workplace health and safety regulations, codes of practice and other Australian standards. For further information refer to the [Licensing](http://tradesrecognitionaustralia.gov.au/Programs/Pages/GainLicence.aspx) webpage (<http://tradesrecognitionaustralia.gov.au/Programs/Pages/GainLicence.aspx>) page on the TRA website.

If successful, you will also receive an outcome letter which can be presented to Home Affairs with your visa application.

You will **not** have met the standards set by TRA under the TSS Program if:

- The documentary evidence provided to the TRA-approved RTO is not decision ready.
- The documentary evidence provided to the TRA-approved RTO is not relevant to your nominated occupation.
- The documentary evidence provided contains insufficient detail to meet the TSS Program requirements.
- The documentary evidence is found to contain false or misleading information.
- You were unsuccessful in meeting the requirements of the technical assessment.
- TRA agrees with the RTO's recommendation for an unsuccessful outcome.

If unsuccessful, the RTO will provide you with the final outcome documentation, including any identified skills gaps. The final outcome documentation will also contain information around your options for review or reassessment, including the relevant RTO Assessment Payment Identifier Codes which can be used to make a payment for these services through the TRA Online Portal.

2.4 Pathway 2: For applicants who do have a relevant Australian VET qualification or a current, identified Australian occupational licence

Note: For holders of a current, identified Australian occupational licence

If you need a skills assessment outcome for migration purposes, you will need to undertake a Pathway 2 assessment through a TRA-approved RTO. However, a successful Pathway 2 assessment does not result in the award of a Certificate III. If you want to be assessed for a Certificate III

Australian VET qualification, you should approach an RTO for a recognition of prior learning (RPL) assessment. RTO details are available on www.training.gov.au.

Choose a TRA-approved RTO

You are required to select an RTO to conduct your skills assessment. This is completed through the [RTO Finder](#) located on the TRA website by:

- Selecting your nominated occupation from the list available.
- Reviewing the list of TRA-approved RTOs.

The TRA-approved RTO selected must not be the RTO that issued your Australian VET qualification (if applicable).

Payment for service

Fees for TSS skills assessments are paid to TRA via the TRA Online Portal. However, you will first need to contact your chosen TRA-approved RTO to obtain a unique **RTO Payment Identifier Code** for the service you require e.g. documentary evidence assessment, technical assessment, etc.

Once you have obtained the RTO Payment Identifier Code, you must register a username and password in the portal before you can make a payment. You will use the same user name and password for each payment you make.

Please ensure that you keep your username and password secure.

If you have any difficulties making a payment, you should email TRA for assistance at traenquiries@dese.gov.au.

Submit documentary evidence for assessment

The RTO will advise what documentation must be provided, however you must submit decision ready documentary evidence of your identity, skills and employment experience. This will include an Australian VET qualification or current, identified Australian occupational licence.

You also need to demonstrate at least three years full-time, paid employment in a directly related occupation. This must include 12 months full-time, paid employment in your nominated occupation in the three years prior to lodging the application. If you are applying with a current, identified Australian occupational licence, the 12 months full-time, paid employment must be in Australia.

Evidence of part time employment can also be counted towards the employment requirement on a pro rata basis.

The type of work undertaken must cover a broad range of skills in the nominated occupation. If the evidence indicates that you have the necessary skills and experience relevant to your nominated occupation, you will be invited to participate in a technical assessment with one of the RTO's assessors.

The RTO will issue you with a payment identification code and instructions on how to make a payment through the TRA online portal for your technical assessment.

If the documentary evidence does not sufficiently demonstrate skills and experience relevant to your nominated occupation, the RTO will forward a recommendation to TRA that you be found

unsuccessful. Following TRA's decision of the RTO recommendation, if you are found to be unsuccessful, the RTO will provide you with the final outcome documentation including any identified skill gaps.

The final outcome will also contain information around your options for review or reassessment, including the relevant RTO Assessment Payment Identifier Codes which can be used to make a payment for these services through the TRA Online Portal.

Technical Assessment

You will be required to participate in a technical assessment of your skills and knowledge, conducted by a qualified assessor who will also be a qualified tradesperson in your nominated occupation.

The assessor will focus on collecting evidence to determine if you are capable of undertaking the full range of tasks expected of a tradesperson in Australia for your nominated occupation.

This will involve a technical interview of skills and/or gathering evidence from nominated employers or other referees.

The RTO will discuss the assessment requirements with you before conducting the assessment.

All technical assessments will be conducted in English without assistance. Interpreters are not permitted.

Once your technical assessment is complete, the RTO will forward either a successful or unsuccessful recommendation to TRA to make the final decision. Following TRA's decision, if you are found to be unsuccessful, the RTO will provide you with the final outcome documentation, including any identified skill gaps.

Outcome

The TRA-approved RTO will notify you of the outcome of your assessment.

You will have met the standards set by TRA under the TSS Program if:

- All evidence you have provided can be verified by the TRA-approved RTO as meeting the requirements for a successful skills assessment.
- You were successful in meeting the requirements of the technical assessment.
- TRA agrees with the RTO's recommendation for a successful outcome.

If successful, you will receive a skilled migration outcome letter which can be presented to Home Affairs with your visa application.

You will **not** have met the standards set by TRA under the TSS Program if:

- The documentary evidence provided to the TRA-approved RTO is not decision ready.
- The documentary evidence provided to the TRA-approved RTO is not relevant to your nominated occupation.
- The documentary evidence provided contains insufficient detail to meet the TSS Program requirements.

- The documentary evidence is found to contain false or misleading information.
- You were unsuccessful in meeting the requirements of the technical assessment.
- TRA agrees with the RTO's recommendation for an unsuccessful outcome.

If unsuccessful, the RTO will provide you with the final outcome documentation, including information about any identified skills gaps.

The final outcome will also contain information around your options for review or reassessment including the relevant RTO Assessment Payment Identifier Codes which can be used to make a payment for these services through the TRA Online Portal.

2.5 Review

If you disagree with an assessment outcome, you may lodge an application for an assessment review with the TRA-approved RTO that conducted your skills assessment. To start the review process, you must first pay the review fee to TRA via the TRA Online Portal. The RTO Assessment Payment Identifier Code for the review will be provided in the final outcome documentation.

2.6 Reassessment

If skills gaps were identified in your original skills assessment and you have undertaken training and/or additional employment to address the gaps, you may lodge an application for a reassessment with the TRA-approved RTO that conducted your skills assessment. To start the reassessment process, you must first pay the reassessment fee to TRA via the TRA Online Portal. The RTO Assessment Payment Identifier Code for the reassessment will be provided in the final outcome documentation.

However, if an agent or representative is nominated to act on your behalf during the skills assessment process, you must notify the chosen TRA-approved RTO. The TRA-approved RTO cannot write or speak to a third party regarding the skills assessment without written approval from you as the applicant.

If you choose to use an agent or representative, you must provide the chosen TRA-approved RTO with a signed nomination form from this person. Nomination forms are available on the [Forms & Policy page](#) on the TRA website. A new form must be completed and submitted to the TRA-approved RTO if you change your agent or representative. Information provided on these forms will replace any previous agent details held by the TRA-approved RTO.
